

Quantification of biological aging

Conference of Prof. Daniel Belsky

Columbia University Mailman School of Public Health

Dr. Belsky's research sits at the intersection of public health, population & behavioral sciences, and genomics. His studies seek to understand how genes and environments combine to shape health across the life course.

Chair: Francesco Panese (Vice-Dean, SSP)

After the conference, we invite all participants for an apero

Wednesday 27th March 2024 | 16h15 - 17h45

University of Lausanne
Bâtiment Géopolis - Room 1620

Organization: Nicolas Sommet (Centre LIVES) &
Luca Chiapperino (STS Lab)
