# refresh your coding

Knowledge-sharing and skill development in programming

25th September, 2025 | 14h15 - 15h45

**Room 5799**

**Introduction to R**

**Claire Mariano, Guillaume Bornet**

University of Lausanne

If R kept you from joining us before, this is your chance to start fresh. By the end of this hands-on session, you'll speak the same R language as everyone else. Join us with your laptop and R already installed, and let's dive in together!

23th October, 2025 | 14h15 - 15h15

**Room 5799, online**

**Breaking the Quarto Wall**

**Mattia Guarnerio, University of Lausanne**

A Meta-Walkthrough on Publishing Elegant Reports with Quarto

20th November, 2025 | 14h15 - 15h15

**Room 5313, online**

**Making sense of longitudinal data, an introduction to sequence analysis**

**Jil Zanolin, University of Lausanne**

Want to get started with sequence analysis but don't know where your trajectory begins or ends? Learn how to structure and analyse your data with the *TraMineR* package in R.

11th December, 2025 | 14h15 - 15h15 |

**Room 5799, online**

**Collaborative coding with Git**

**Sonia Petrini, Claire Mariano**

University of Lausanne

Master the art of time travel with Git! Learn how to rewind your code to any point in history, explore parallel universes with branching, and merge timeline like a pro. Discover why developers call Git « magic » and how it can revolutionize your research collaborations.
