

**LIVES Doctoriales
10th Edition**

February 11 - 12, 2021

For the tenth time in ten years, the PhD candidates of the LIVES Centre will present their ongoing research during the “LIVES Doctoriales”. We want to express our gratitude to the colleagues and friends who have accepted to act as experts. Your contribution will make a difference!

Due to the sanitary situation, this 10th edition will be special as it will be held totally on videoconferences with Zoom. All participants will need registering before the event with the following links:

For joining the sessions during both days: Private link, invitations only.

For the last session, Keynote speech of Prof. Tania Zittoun:
<https://unige.zoom.us/j/91221111111>

If you can't be present the whole day, please make sure to arrive at the beginning of a session. This will avoid disturbing the speakers during their presentations.

The Doctoriales certainly imply much work and stress for most PhD candidates, but we know it is a very profitable exercise. We hope you will get the most out of it!

Dr Sabrina Roduit, LIVES Doctoral Programme Officer (ad interim)
Prof. Eric Widmer, LIVES co-Director and Director of the Doctoral Programme
Marie-Eve Zufferey, LIVES Doctoral Programme Scientific & Administrative Assistant
